1. BUDDHA COLLEGE OF ADVANCED STUDIES—THE CONCEPT

The Buddha College provides an alternative education system which aims to empower individuals through appropriate skill development leading to gainful employment in collaboration with local industries, NGOs, educational institutions and the community.

A Buddha College may be defined as any institution accredited to award an Associate Degree (AD) as its highest degree. Buddha Colleges can serve as a bridge from school to college by providing courses for transfer towards degree programme. The cost of education is significantly less in Buddha Colleges than other higher learning institutions and Universities. In Buddha Colleges, one can explore different subject areas before committing to a programme, without having to be so concerned about finances. The Buddha Colleges can offer intensive guidance & counseling which can help the learner to assess his/her abilities, interests and educational options. Now, there are more than 100 Community Colleges established all over India.

These Buddha Colleges are housed and being run by universities, NGOs, autonomous institutions, charitable trusts, missionaries etc. Buddha Colleges (in certain parts of India) emerged out of the growing needs of the unemployed youth and disadvantaged sections of the community who usually fail to acquire skills for gainful employment.

2. BUDDHA COLLEGE OF ADVANCED STUDIES COLLEGE

The Buddha College of Advanced studies is an institution established by Buddha Educational Trust, Kerala for providing locale specific tailor made & need based academic programmes leading to Advanced Diploma, Diploma and Certificate programmes to the needy. 7.DETAILS OF ACADEMIC PROGRAMMES

7.1 CERTIFICATE IN MANAGEMENT OF LEARNING DISABILITIES

Now-a-days parents and the school authorities are well aware of the problems of the learning backwardness Of the children who are suffering from various 'Learning Disabilities' (LD).

This problem need to be addressed at an early stage to help such students to succeed in their academics and future life. But trained experts or training centres on L D are very rare. In order to assess, diagnose and provide suitable remedial support to the children with LD, the service of trained Learning Disability experts and professionals is necessary. This situation made S R C to think about starting a Certificate course and a Diploma course on Learning Disabilities in distance mode, so that the working teachers, prospective teachers, aspirant teachers and unemployed educated persons can participate in this course. This course is more relevant in the context that CBSE schools are looking for experts to support the children with SLD and Special Education Needs (SEN).

This certificate course will help the participants to acquire necessary knowledge about various disabilities and expertise in identifying and providing support for the children with Specific Learning Disabilities. We hope that this course will provide a vast conceptual understanding and necessary practical knowledge to work as an expert in the field of learning disability. As this course is designed as a credit system, those who pass the CMLD course can pursue the Diploma course in Learning Disabilities conducted by the SRC by spending 6 months more to become a professional in this field.

7.3 DIPLOMA IN COUNSELLING PSYCHOLOGY

Counselling is the skilled and principle use of relationship to facilitate self-knowledge, emotional acceptance & growth and the optimal development of personal resources. Through the integration of theory, research, and practice, and with sensitivity to multi cultural issues, this specialty encompasses a broad range of practices that help people improve their well-being, alleviate distress and maladjustment, resolve crisis, and increase their ability to live better. A vast majority of people are well prepared physically and psychologically to cope with many negative physical and psychological events that take place during their life time, these can be Deaths within the family and friends or work associates, Injury, Divorce, Marriage, Stress, Unemployment, Change of jobs, War, Disaster, etc. All these events whether natural or man-made all are resulting in disruption of normal life. In counselling, clients can expect some one who is interested in listening to their concerns, helping them understand better and guide them to resolve their problems in a healthy manner. Counseling psychology is unique in its attention both to normal developmental issues and to problems associated with physical, emotional, and mental disorders.

7.4 DIPLOMA IN MONTESSORI TEACHER TRAINING

Montessori education is an educational approach developed by an Italian Physician and Educator, Dr. Maria Montessori. It is based on self-directed activity, hands-on learning and collaborative work. In Montessori classrooms children make creative choices in their learning, while the classroom and the teacher offer age-appropriate activities to guide the learning process. Children work in groups and individually to discover and acquire knowledge and skills through exercises of daily life, sensorial activities, working on Arithmetic and language materials, including cultural areas. This Method nurtures each child's individual strengths and interests. English medium schools are searching for appropriately trained Montessori teachers with good communication skills to work in their nursery/KG/Kindergarten sections. But there is scarcity of such trained teachers. As the majority of PPTTC/DPSE students are trained in regional language medium, they are not preferred in English medium schools. Government and aided school PTAs are also running pre-school classes attached to the primary classes. So there are plenty of job opportunities for the well trained Montessori Teachers.

In this situation and considering demands from various corners, SRC Community College is organizing two well-planned Montessori based courses—DMTT and ADMCEd. These courses are to educate Teachers who can facilitate the learning of our new generation children by respecting their unique personalities strengths and weaknesses and providing them the strong foundation of academic excellence, communication skills, good social behaviour, grace and courtesy. This course not only helps the educated unemployed women to become a teacher, but gives confidence to start a school of their own.

7.5 ADVANCED DIPLOMA IN MONTESSORI & CHILD EDUCATION

There are several organizations and courses in Montessori teacher training for different Durations (3 Months, 6 months and One year). But schools prefer trained teachers studied in minimum one year Diploma course in Montessori Teaching methods. (DMTT). Many gulf countries prefer 2 year diploma holders. So SRC should start a Two year Advanced Diploma which will familiarize all the practical activities for children from 3 years to 8 years old. The first year will contain the topics for the Pre-school level teaching and the second year will contain topics for the elementary level teaching of various subjects. (So it is possible to give a one year diploma certificate after completing the first year course and when completes the second year course they can be provided with the advanced Diploma Course. It includes the familiarisation of other Pre-school education Methods like Kinder Garten, ECCE, EYFS etc. and the Advanced Montessori Method which focus on the elementary level activities. Other relevant topic for a child education teacher like the Health and Hygiene and,

Teaching of exceptional children in Inclusive classrooms, School administration and curriculum planning etc. So the Two years Advanced Diploma in Montessori and other Childhood Education Methods (ADMCEd.) will prepare the prospective teacher who can teach in a real child centred, activity based, and Life skill based Education.
